

Axiom's Vision

is to act as trusted partners providing technically excellent asset integrity consultancy services to support our clients through the asset life cycle.

Working in partnership with you, our support is delivered via our regional offices in the UK industry hubs of Teesside, Humber, North West and Grangemouth. Our collaborative approach ensures that we listen, taking an informed view to understand the challenges faced by our clients, delivering safe and tailored solutions. Delivering our award-winning capabilities across a range of industries including Energy, Pharmaceutical, Chemical, Oil & Gas, Bulk Storage & Distribution and Food sectors, Axiom's reach extends globally to deliver class-leading, value-adding solutions which comply with industry best practice.

Complementing our existing offerings of Inspection & NDT, Materials and Mechanical Engineering services, Axiom now also deliver Process Safety Services supporting sustainably safe operations as your true through-life Asset Management partner.

Process Safety Capabilities:

- Process Hazard Analysis
- COMAH Safety Reporting
- Consequence Modelling
- Human Factors
- Fire Risk Assessment
- Process Relief Life Cycle Services
